

Potential Home Openers

Are you interested in opening your home to the public?

- We are looking for people who could open their homes to the public on the weekend of **March 17th-18th 2012**
- We are looking for a wide variety of types of home; from heritage to new-build, from privately owned to social housing, from flats to mansions!
- We are looking for homes that demonstrate energy efficient features including any of the following:

Interesting Insulation (Internal / external / floor)

Glazing (triple / secondary / DIY)

Extensive draught proofing

Improved boilers / heating controls

Air source / ground source heat pumps

Low water use toilets / showers / baths / taps

Design elements (natural ventilation / passive solar)

Green / brown roofs

Natural / traditional building materials

Renewable technologies (solar pv / solar thermal / wind)

- **Share your experiences, meet new people, and inspire others.**
- Minimum specifications: We would hope that most homes that may want to take part in the Open Homes event would have already tackled these issues:

Recommended amount of loft insulation (were possible)

Cavity wall insulation (where appropriate)

Basic draught proofing (if needed)
